

# JetReports<sup>®</sup>

Any report. Any way. Right Now.<sup>™</sup>

The reporting tool for your whole organization.

# Why do 50,000 business people around the globe use Jet Reports?

## Flexible and Nimble.

Jet Reports lets you create stunning reports with all the rich functionality of Excel — from charts to Pivot Tables to Sparklines. And because you can quickly merge data from multiple locations you end up with a single, well-formatted, insightful report.

## Real Time Link to Your Company Data.

Jet Reports connects Excel directly to all your business systems, including: Microsoft Dynamics NAV, Microsoft Dynamics GP, Microsoft Dynamics CRM, Microsoft SQL, Microsoft Access and more. There is no need for time consuming and error-prone data entry every time you need to update information in a report. With Jet Reports you can simply refresh a report to get an up-to-the-minute understanding of your business situation.

## Timely and Automatic.

Jet Reports can automatically update and distribute your business reports on a daily, weekly or monthly basis — streamlining your reporting process. No more missed deadlines or untimely data, just the right report at the right time.

## Instant Access to More Data.

Every piece of data in your business system is accessible — including all tables, fields, flow fields and dimensions. With Jet Reports you can consolidate information across companies or across databases. With just one click you can see the underlying data behind the values in your report — providing the knowledge you and your people need to make smart, well informed decisions.

## Powerful and Familiar.

Jet Reports is all Excel — so if you know Excel, you'll love Jet Reports. There's no time-intensive learning curve, no running to data warehousing or IT to program your report, no cutting and pasting — just easy, impactful business reporting you create right in Excel.

## Easy and Affordable.

Jet Reports gives you great value at low cost — immediately helping you realize a strong return on your investment. More importantly, you and your entire organization have the reporting solution you need.

## Jet Reports makes scheduling and distributing reports easy.

The Jet Reports Scheduler feature automates reporting processes. Reports can be distributed as PDF, Excel or Web page files on a daily, weekly or monthly basis.

### Management can...

View key performance metrics across all areas of the organization in real time.

Access all of your business data to make smart, informed business decisions.

### Sales can...

Create a sales forecast calendar that tracks sales on a monthly basis, with budget projections for future sales.

Identify sales trends by item, customer, region, sales person or any other dimension.

### Finance can...

Have financial reports automatically run and be distributed on a daily, weekly or monthly basis.

Drill down into any value in a report to see the underlying data.

### And everyone can...

Use simple formulas in Excel to create high-impact reports with no programming experience required.

## What companies are saying about Jet Reports...

“Using Jet Reports has changed the way BMW dealers do business. It gives them fast, accurate sales data when they need it, and allows them to make informed decisions that are crucial to their success.”

— Eric Annot, Business Consultant, BMW Belgium

“In the current market, cash is king and frequent cash flow analyses are essential. Jet Reports allows us to stay on top of AR and AP.”

— Jay Byington, Senior Financial Analyst, ProVest

“We’re able to use Jet Reports to do a reconciliation between Navision and the downloaded corporate actions published by the London Stock Exchange — and thanks to Jet Reports, all of that happens in Excel, which simplifies everything.”

— Neil Clayton, Solutions Architect, Suffolk Life

“We are able to make better decisions thanks to Jet Reports. I would recommend it to anyone — it is very cost effective and the benefits are endless.”

—Natasha Pijuan, Southern Specialties

“Within the Minit Group organization, we’re handling a massive database. Our goal is to quickly produce reports on this database within 10 to 20 minutes. With Jet Reports, we can do this!”

— Philippe Barbry, Minit
